

Hastings Basketball Core Values

1. We don't whine; we thrive on competition, adversity and challenge.
2. We accomplish the truly extraordinary by doing the basic, fundamental things every day.
3. We pursue a high school experience that is rich, valuable and deep.
4. We work hard.
5. We don't freak out over ridiculous, small-minded issues.
6. We choose to be positive.
7. We treat all with respect.
8. When we don't play as much as we like, we still support the team mission first and foremost.
9. We care about each other as human beings and don't draw lines because of age, social clicks, race or religion.
10. We play for each other.
11. We are well led.
12. We want our lives (in basketball and out) to be a never-ending ascension, but for that to happen, realize that our attitudes are of primary importance.
